

SUPPORTING HANDWRITING FOR CHILDREN WITH DYSPRAXIA/DCD in conjunction with Ballyfermot Chapelized Partnership

Handwriting is one of the most common concerns and difficulties for children with Dyspraxia DCD. If you are a teacher, SNA or therapist interested in gaining an understanding of the issues, together with tools for assessment and ideas and strategies to support children in the classroom, then why not attend a practical workshop led by Sharon Drew:

On: Friday April 27th

Time: 10.15 am – 4.15 pm.

Venue: Ballyfermot Library, Dublin 10

Cost: € 50

Lunch ,tea,coffee included .

Sharon Drew is an international trainer and a well known author of many practical resources for schools and therapists in the UK. These include the Smart Moves Motor Programme, Movers and Creators, Take Ten for Fine Motor Skills, Fidget Busters and Cant Play Won't Play.

This informative and fun workshop will offer participants the ability to:

- Explore the components for handwriting and its impact on children with Dyspraxia DCD
- Consider a range of approaches to assess handwriting
- Consider practical solutions to common difficulties
- Explore a selection of games and ideas through fun hands on activities to support handwriting development
- Offer ideas to develop resources for use in the school setting
